

“A Solutions Company”

ISO 9001:2008 certified

It has been our goal since opening the doors back in 1997 to “not just be your average supplier”. We are in a unique position and can augment and support your current supply chain with light manufacturing/sub-assembly and VAR (Value Added Reseller) services. We can procure any specific components for your product requirements providing a solution to a need or problem.

IEM is a Marketing and Sales company that has an exclusive contract with DEVA to take advantage of DEVA’s capabilities as a systems integrator and logistics facilitator. IEM augments DEVA’s capabilities with ODM design services from one of IEM’s many design consultants IEM has on contract. With DEVA’s expertise in thermal management, enclosure products (both plastic and metal), display products, interconnect capabilities and IEM’s electronics products and design services, DEVA can provide products from sub-assemblies to complete finished products to our customers.

DEVA/ Southern California
Tustin, CA (714) 368-1717

DEVA/Rocky Mountain
Broomfield, CO (303) 465-0410

Interconnect Solutions

Thermal Management

Fans and blowers.

Fan termination

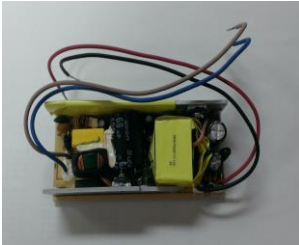

Fan tray assemblies

Custom heatsinks, extrusion/profiles

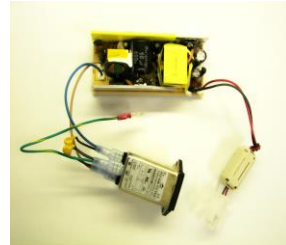

Power Solutions

Before

Termination of a factory power supply

After

Power adaptor/charger

Wall and desktop chargers

Molded Cables

Molded connectors for individual countries

Display Solutions

Character Displays

Mounting of displays on PCBA

Graphic Displays

Various other display terminations.

TFT

Termination with flex cable/circuit.

Touch Screen

Integration services

Logistics Solutions

PCBA Kitting

Turnkey Sub-Assembly

Sourcing & Logistics

Inventory Solutions
